

Azure Open AI Getting Started

Partner Presentation

April 2023

Agenda

- Application Process
- Onboarding
- Playground
- Open source projects & accelerators
- Learning Resources

Application Process

- Determine which Azure subscription you will use
 - Provision if necessary
 - Must be tied to info you submit in the application
- Go to <https://aka.ms/oai/access>
- Suggestions:
 - Read the instruction
 - Do not apply for Dalle at this time
 - Start with one subscription

Onboarding

The screenshot displays the Azure portal interface for a resource group named 'ffl-oai'. The left sidebar contains navigation links for Overview, Activity log, Access control (IAM), Tags, Resource visualizer, Events, Settings, Deployments, Security, Policies, Properties, Locks, Cost Management, Cost analysis, and Cost alerts (preview). The main content area is divided into 'Essentials' and 'Resources' sections. The 'Essentials' section shows the subscription 'FFL ATU Int Consump - Transportation & Logistics Focus', the subscription ID '53a1398a-bda1-4f73-b2f0-823b106d8ebe', and the location 'South Central US'. The 'Resources' section shows a table with one resource, 'ffl-oai-01', which is an 'Azure OpenAI' resource located in 'East US'. The table has columns for Name, Type, and Location. The 'ffl-oai-01' resource is listed with a checkbox, an icon, and the name 'ffl-oai-01'. The type is 'Azure OpenAI' and the location is 'East US'.

Playground

The screenshot displays the Azure OpenAI Studio Chat playground interface. The browser address bar shows the URL `https://oai.azure.com/portal/f38107d80b6a44ac9d93f5246fcef1b7/chat`. The page title is "Cognitive Services | Azure OpenAI Studio". The user profile "Pete Nash" is visible in the top right corner.

The left sidebar contains the following navigation items:

- Azure OpenAI
- Playground
- Completions
- Chat (selected)
- Management
 - Deployments
 - Models
 - File Management

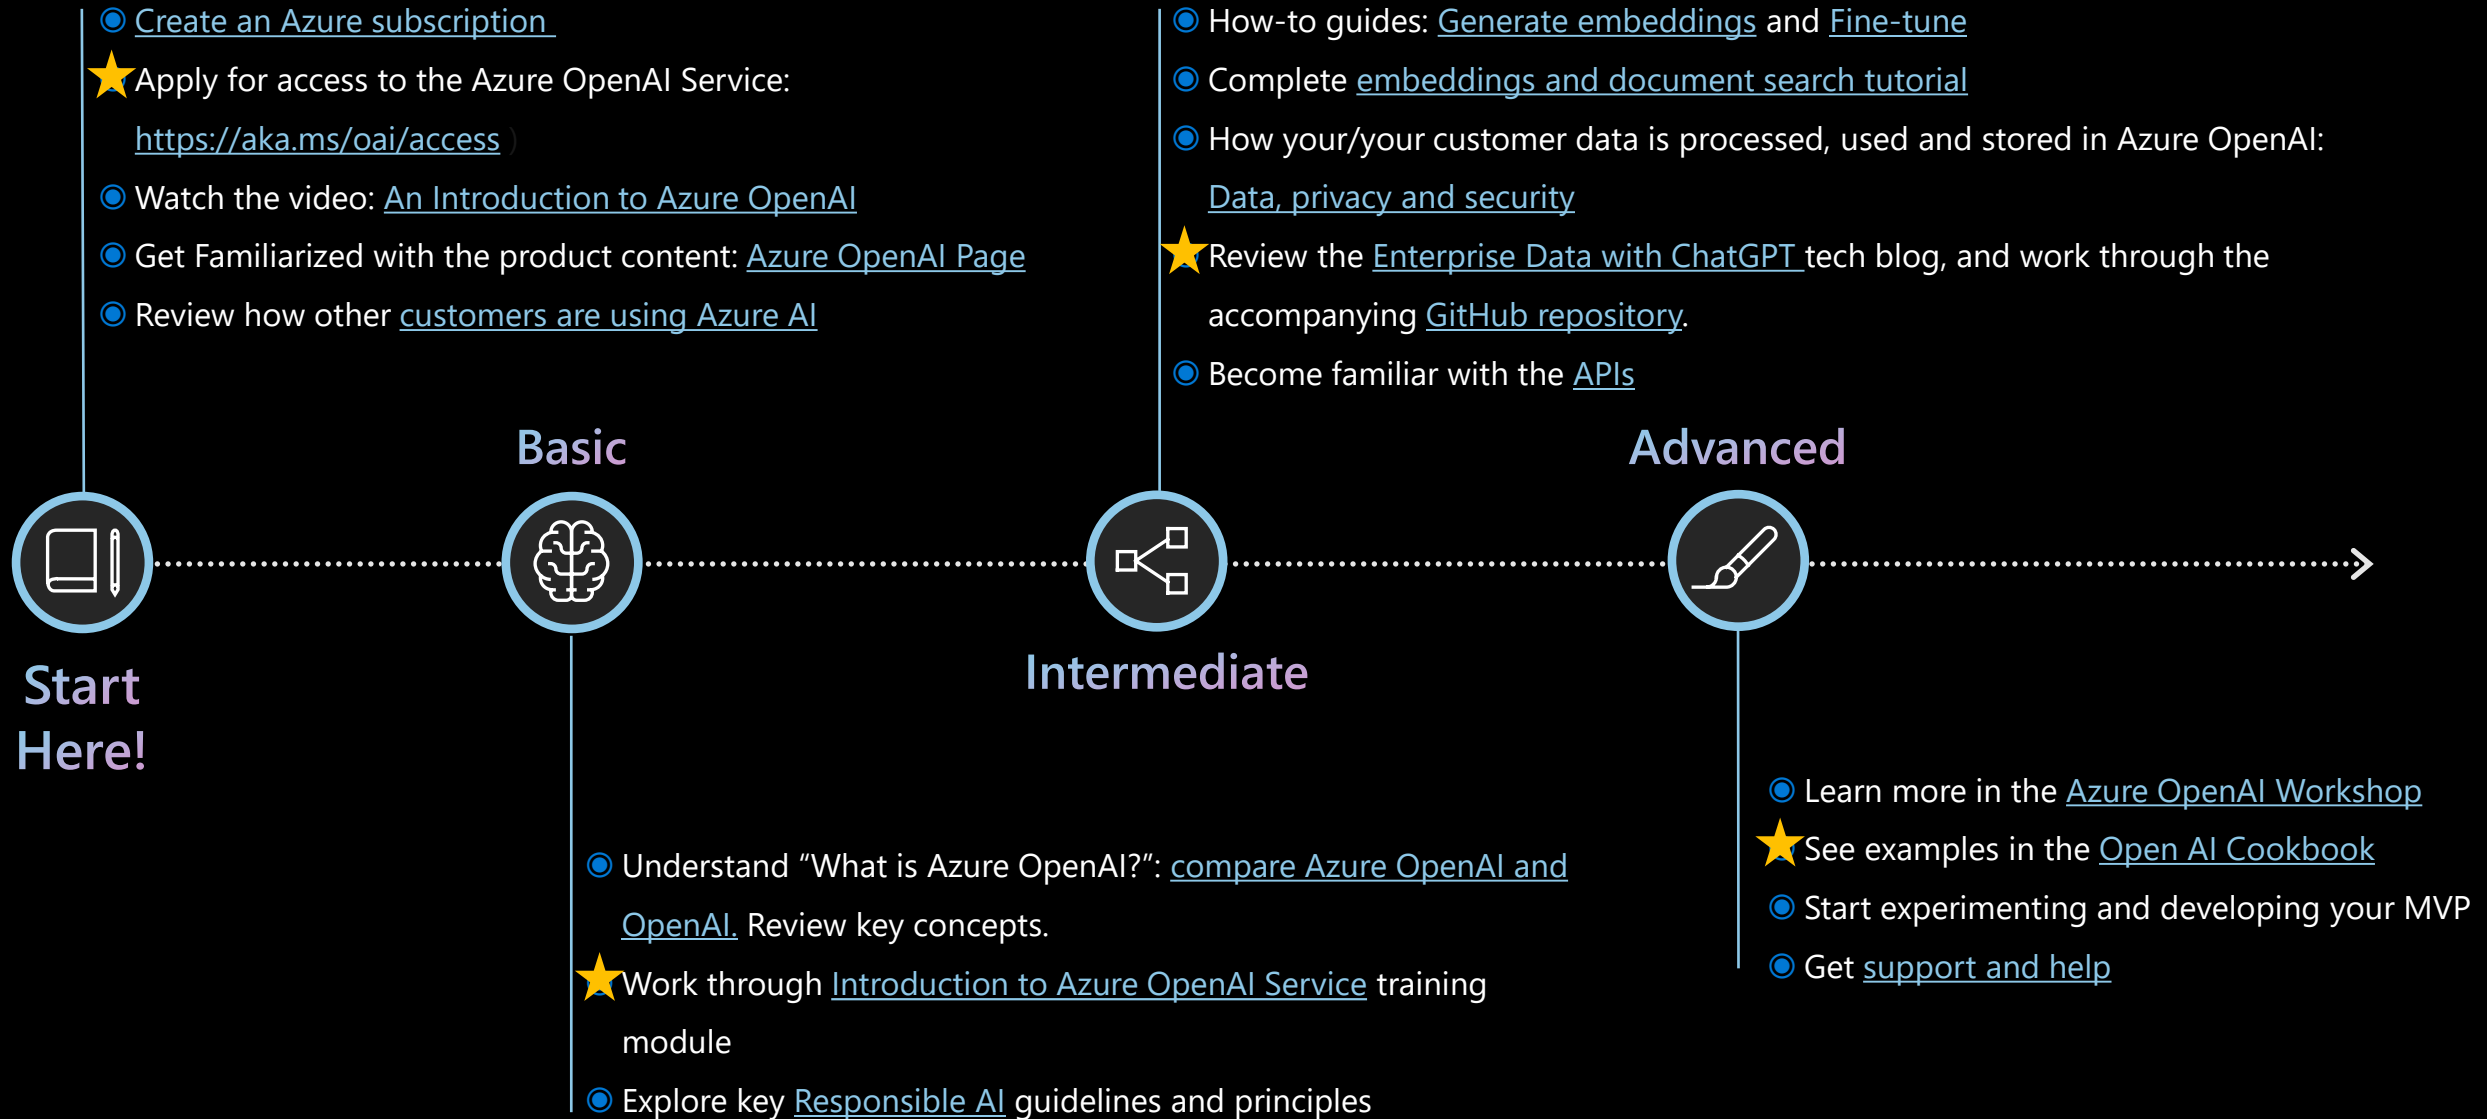

The main content area is titled "Chat playground (Preview)". It features three primary panels:

- Assistant setup:** Includes a "Load example setup" dropdown, a "Save changes" button, and a "System message" field containing the text: "You are an AI assistant that helps people find information." Below this is a link for "Few-shot examples".
- Chat session:** Contains a "Clear chat" button, a "View code" button, and a "Show raw JSON" toggle. The central area displays a "Start chatting" prompt with a robot icon and instructions: "Test your assistant by sending queries below. Then adjust your assistant setup to improve the assistant's responses." At the bottom is a "User message" input field with the placeholder text "Type user query here. (Shift + Enter for new line)".
- Parameters:** Includes a "Deployments" dropdown set to "gpt-35-turbo", a "Max response" slider set to 800, a "Temperature" slider set to 0.7, a "Top P" slider set to 0.95, a "Stop sequence" field with the value "Stop sequences", and a "Session settings" section with a "Past messages included" slider set to 10.
